A Woman's Right to Play The Role of a Nurturing Mother - 7 min
(from pregnancy to birth decided by the medicins)

<https://youtu.be/gkZw7yL8gpY?si=yqrwks7QQL2-7S4>

9 of 22: Interference between the mother and her own infant begins at conception, even before. The central issue is a woman's right to play the role of a nurturing mother that nature intended by design and to make decisions about the reproductive process which she has done for millennia. Ideology begins interfering with that from the very beginning.

Stages of Brain Development (birth is bonding!!!)

<https://youtu.be/fPX0VuifjCc?si=qRnByK4H52h4GbUe>

The brain actually grows neural structures, parts of brain grow, patterns form, networks form, for a special uterine purposes, learnings that are necessary for that particular kind of an experience. Right before birth they're dissolved and then there's a huge brain growth spurt at birth. New neural field potentials are formed for the kinds of learning which then unfold and this process continues throughout life.

Joseph Chilton Pearce on pregnancy, birth and bonding (1h6min)

Joseph Chilton Pearce passionately explores the critical importance of bonding, beginning before conception, how technological hospital childbirth with its fear, anxiety, extreme rates of unnecessa. We interviewed Joseph Chilton Pearce at The Monroe Institute in Favor, Virginia as part of the 40 Days and 40 Nights Video Tour in 2017. For nearly half a century, Joe has been probing. This brief nine minute program may be the most important you, as a mother, father or caregiver, will ever see. Bonding is much more than what we think. It is a coherent harmonic resonance.

Mother-Infant Bonding and the Intelligence of the Heart 8min (last 3 minutes!!!)

(about pregnancy and breastfeeding & holding close to the body/heart-first 18 month!!!)

<https://youtu.be/j4Yf9iOQv6Q?si=DcciWmraDwgAMMyy>

The heart is infinitely more than a pump. Joseph Chilton Pearce describes how 40% of the heart cells are neurons (brain cells), how the heart generates electromagnetic frequencies like a mini radio station informing every cell of the body of its relationship with the ever-changing world. This program represents a paradigm shift that changes lives.
